## EDUCATION

**Michigan State University,** East Lansing, MI                                      April 2024

*Bachelor of Arts, Information Science*

GPA 3.5 | Dean's List

## EXPERIENCE

**Hyland Software,** Westlake, OH (Remote)                          May 2023 - August 2023
*Web Design Intern*

- Utilized HTML and CSS to design new client-facing interfaces for both software and internal websites
- Updated brand assets with Figma so that they are fully compliant and cohesive with Hyland's new redesign
- Used JavaScript to update outdated web systems and bring them back to full functionality for client use
- Worked closely with other interns and management to create and further the Hyland image and suite of products

**Michigan State University,** East Lansing, MI                          August 2021 - Present

*Undergraduate Learning Assistant*

- Lead and assist in introductory Python courses twice a week to classes of 25+ students
- Attended weekly staff meetings to create and implement Python-related content for students
- Help run nightly virtual help sessions for students to join and receive support freely
- Assist professors in creating spreadsheets to categorize aspects and patterns of work seen within student work

## Projects

**FishSoftworks**

- Worked with other students to coordinate the creation of a fictional company with a cybersecurity focus
- Used Microsoft Azure to set up a virtual machine to host an SMTP email service server
- Utilized HTML CSS and JavaScript to create a web page that could be used to send emails to potential users

**MSU Maps**

- Prototyped a new, more user-friendly, mapping application for students to utilize
- Designed a live demo application using Figma prototyping tools
- Lead the creation of a video demonstration of the application's capabilities in order to highlight the functionality
